***RE: Richland County Broadband***

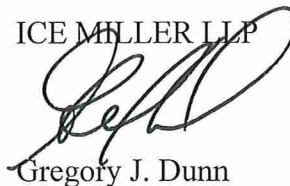

Dear Mr. Baldwin:

I thought I would drop you a line to express my appreciation for the exceptionally high quality work Aquarian performed in our broadband assessment for Richland County. Retaining Aquarian as our subcontractor was one of the best decisions we have ever made in our work in the broadband field. The information you were able to provide us and the work you performed enabled us to create an extremely detailed and accurate assessment of Richland County's broadband situation.

Thanks again for your efforts; we absolutely intend to use Aquarian in the future for similar projects.

Very truly yours,

ICE MILLER LLP

Gregory J. Dunn
