Testimonial for Mr Baldwin

Dear Professional,

I have thoroughly enjoyed my business partnership with Mr. David Baldwin and Aquarian Technology Systems. Dave is the ultimate professional and leader. Dave has the unique ability to connect individuals and organizations to promote best practices, relationships and results. His coordination and attention to detail is second to none. I highly recommend Dave as a partner in your organization or university. His “can-do” attitude will most certainly reap results.

Please contact me at 734.487.0354 or at mqatu@emich.edu, if I can provide you with any further information regarding working with Mr. Baldwin.

Sincerely,

M.S. Qatu
